

PARENTS AS TEACHERS

STAY & PLAY

Parents as Teachers™

Sunnyside Parents as Teachers (PAT)

is an early childhood, family education program serving families throughout pregnancy until their child completes kindergarten.

PAT engages families in their child's education, using an evidence-based model. This model has four dynamic components, each closely interrelated and integrated: personal visits, group connections, child screenings, and resource network. Our approach to personal visits, the cornerstone of PAT, focuses on parent-child interaction, developmental centered parenting and family well-being.

Our goal is to provide research based information to parents, supporting them in their role as their child's first teacher, so children come to school safe, healthy and ready to learn. Sunnyside Parents as Teachers continues to demonstrate positive outcomes for children, families and the community.

OUR MISSION

To provide the information, support and encouragement parents need to help their children develop optimally during the crucial early years of life.

OUR VISION

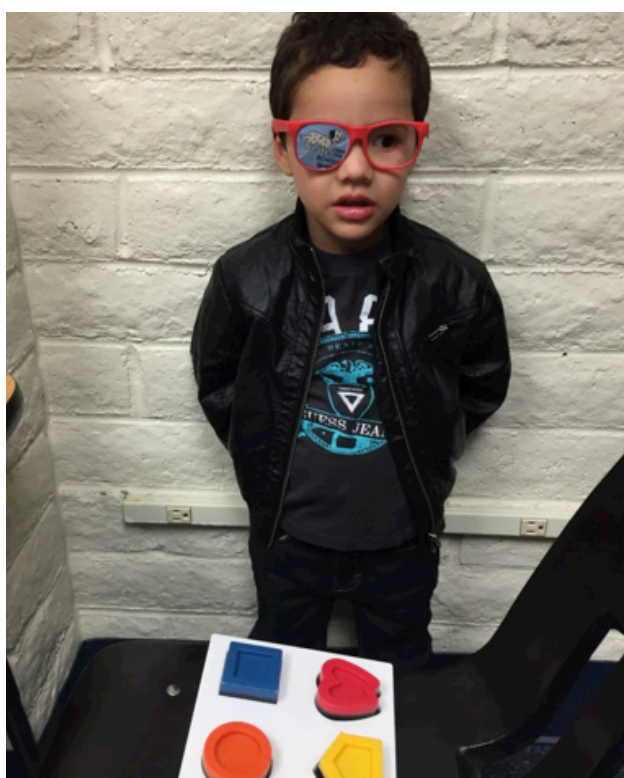

All children will learn, grow, and develop to realize their full potential.
